

FIND YOUR FEET TASK

A LEVEL ART:

TASKS

Your task requires you to have a go at drawing or painting one per week in response to the theme of isolation. This could be all of the same subject, such as the same view from your window drawn at different times of the day and week to show different light or weather, or a mixture of still life drawings of essential items such as pasta and toilet rolls. It could be of people sat around bored and isolated in the style of Edward Hopper or people communicating through computers. Due to the current situation please use whatever materials you can and work on whatever size paper, board or canvas you have.

Remember to take your time and don't rush... you should practice getting correct shape, tone and line, where results aren't successful you should repeat or refine the picture to a higher level.

RESEARCH

Look at the Landscapes of Egan Schele, the still life's of Chardin, every day scenes by Edward Hopper and the still life's by Cezanne.

Use these as inspiration for your summer task
