# COLLEGE TALKS

Starting college is the beginning of an exciting new chapter. At tonight's Open Event, you can explore your options, ask questions, and start planning the pathway that's right for you.

One of the best ways to begin is by attending our general talks and information sessions. These short, focused presentations will give you insights into college life, study options, and the support available to help you succeed.

| TALK                              |  | TIME   | LOCATION                  |
|-----------------------------------|--|--------|---------------------------|
| Principal's Presentation          |  | 5.15pm | DGO1<br>(aka Social Area) |
| T Level                           |  | 5.40pm |                           |
| High Achievers                    |  | 6.00pm |                           |
| Principal's Presentation (repeat) |  | 6.15pm |                           |

## GOOD TO KNOW

All talks last around 15 minutes. Pick the ones that matter most to you – or attend each of them!

# YOUR PATH, YOUR WAY

Our courses are organised into five progression pathways. Reflecting career areas, our pathways show which courses typically work well together. The best bit is you can mix and match your courses across the pathways and combine Vocational courses and A levels to create a unique programme of study that fits your goals and aspiration.
